WiFi Booking

SPIDER NET

WiFi & Broadband Solutions
Mumbai, Maharashtra

CERTIFICATE OF PROJECT COMPLETION

Issued Date: 06/04/2026
College Name: SIWS College
Student ID: 20242517100
Roll No: 18070

This is to certify that **Vinotha Murugan**, a student of **SYBSCIT**, has successfully designed and developed an Android-based mobile application titled **"WIFI Booking App"** for SPIDER NET.

The application was developed using **Kotlin and Jetpack Compose** with the objective of simplifying broadband service booking and customer management.

Key Features:
- WIFI plan browsing and selection
- Customer booking system with details
- Real-time booking confirmation
- Admin panel to view and manage all bookings
- Simple and user-friendly interface

The system ensures efficient communication between customers and service providers and improves service management digitally.

The project has been successfully completed and demonstrates strong technical knowledge, creativity, and problem-solving skills.
